# Wordpress

WordPress is a free and open source blogging tool and a content management system (CMS) based on PHP and MySQL.

## Troubleshooting

### 413 Request Entity Too Large

You might get the 413 Request Entity Too Large error when uploading large files. To fix this, make sure to set `expose.http_options.max_body_size` to a large enough value in your deployment SDL file and once you've deployed the wordpress image, modify the `.htaccess` file (or make your own image with the fixed file):

Prepare the env:

```
AKASH_DSEQ=<your dseq>
AKASH_PROVIDER=<provider address your deployment is running at>
AKASH_NODE=<set to one of the nodes from https://raw.githubusercontent.com/ovrclk/net/master/mainnet/rpc-nodes.txt list>
```

Drop into your wordpress deployment:

```
akash provider lease-shell --tty --stdin -- wordpress bash
```

And fix the `.htaccess` file there:

```
cat >> /var/www/html/.htaccess << EOF
php_value upload_max_filesize 64M
php_value post_max_size 64M
php_value max_execution_time 300
php_value max_input_time 300
EOF
```

You can also achieve the same by modifying the php.ini file.

VALIDATOR

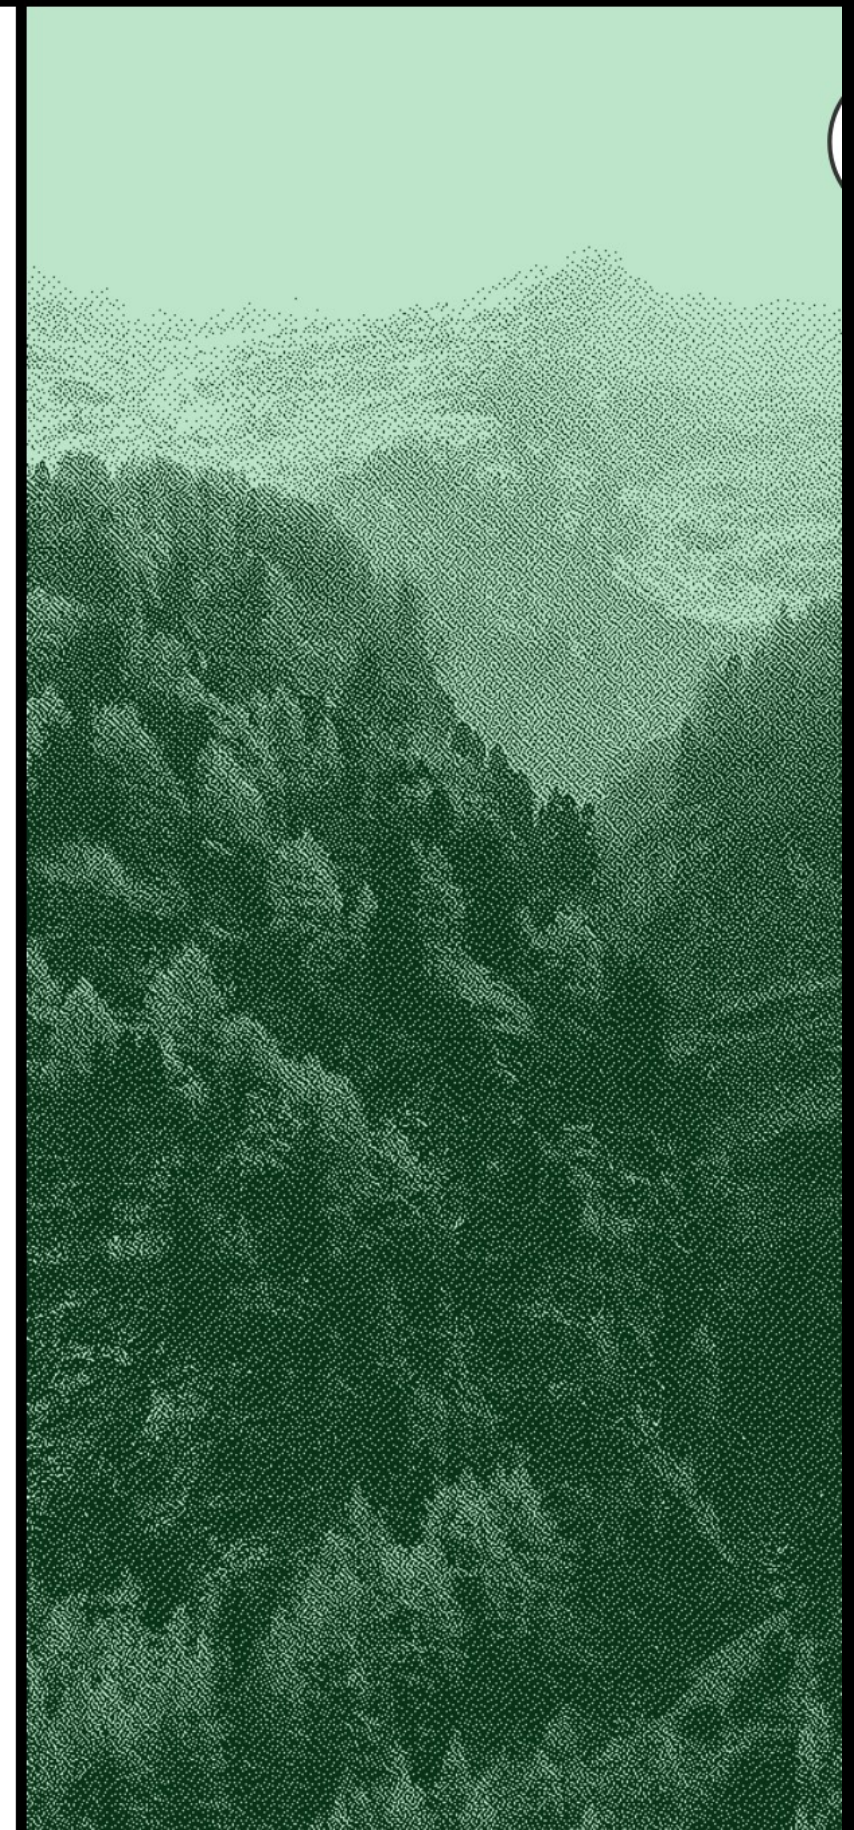

# Decentralized data storage

Cryptography has unleashed the latent power of the Internet by enabling interactions between mutually-distrusting parties. Sia harnesses this power to create a trustless cloud storage marketplace, allowing buyers and sellers to transact directly. No intermediaries, no borders, no vendor lock-in, no spying, no throttling, no walled gardens; it's a return to the Internet we once knew. The future is making a comeback.

[Download the software →](#)

**HELPING YOU GET ON THE NEW INTERNET**

# MINING HNS COIN

A large, complex mining machine, possibly a conveyor system or a large excavator, is shown at night. The machine is illuminated by several bright yellow lights, creating a strong contrast with the dark surroundings. The machine's structure is intricate, with many cables and mechanical components visible. The background is a dark, silhouetted landscape under a night sky.

# BUYING HNS COIN

A wooden gavel with a polished, reddish-brown finish is positioned diagonally across the frame. The gavel's head, featuring three distinct rings, rests on a matching wooden block. The handle extends towards the bottom right corner. The background is a solid, neutral gray, which makes the wooden elements stand out. Overlaid on the center of the image is the text 'DOMAIN AUCTIONS' in a large, bold, white sans-serif font.

# DOMAIN AUCTIONS

# DOMAIN MARKETPLACE

# GIFTING HANDSHAKE NAMES

A blue telescope is positioned on the left side of the frame, pointing towards the right. The background is a blurred view of a city with many buildings, seen from a high vantage point. The text 'VIEWING HANDSHAKE DOMAINS' is overlaid in large, white, bold, sans-serif capital letters across the center of the image.

# VIEWING HANDSHAKE DOMAINS

# BUILDING ON HANDSHAKE

An aerial view of a city skyline at night, featuring numerous illuminated skyscrapers and buildings. The image is overlaid with a dark, semi-transparent filter to enhance the visibility of the white text.

# SOCIAL NETWORKS ON HANDSHAKE

An illustration of a person with dark skin and short dark hair, wearing a purple long-sleeved shirt. They are lying down with their head resting on a light blue pillow. Their eyes are closed, and they have a slight smile. The background is dark with some abstract purple and blue shapes. Overlaid on the image is the text 'MARKETING TACTICS' in large, white, bold, sans-serif capital letters.
